

Lisa Cartin

Development Officer

Lisa joined Atrial Fibrillation Association in October 2010. She was appointed as the Development Officer for the AFA-US organization and has worked extensively towards the development of the resources and website. Lisa has personal compassion for patients suffering with Atrial Fibrillation having known family members who have suffered with the condition. Lisa strives to raise awareness of Atrial Fibrillation because she knows first-hand the havoc and worry it can play to the lives of patients and their families.
